

# PUBLIC LEDGER

SIXTH YEAR.

MAYSVILLE, KY., TUESDAY, JULY 27, 1897.

ONE CENT.

## Purely Business!

The columns of a newspaper represent the voice of the people. No publisher can afford to give advertising "notices" free any more than he can afford to give away counter free gifts of dry goods or shoes. A newspaper is a legitimate business, and its products—advertisements are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

## The Continued Call

upon THE LEDGER for free notices have become so burdensome that we are compelled to publish the following terms:

## For Notice of Success.

exercises, fairs, or other public entertainments where a *fee* is charged, and for obituaries, &c., &c. The LEDGER will charge FIVE CENTS a LINE, and hereafter this will be the immovable rule.

## Do Not Include

notices of Lodge meetings or Church services, which must not exceed ten lines.

## Attendance of Speakers.

Misunderstandings are unpleasant. The rate for *Business Ledger* in The Leader is \$10.00 per month for insertion and 5 cents a line for subsequently advertising the name of a five-line local inserted in the paper. "Tell you when I take to the stage, I am not a speaker." But he gets all about it. The notice runs for a week, and costs \$10.00 per week for \$12.50. When he finds it out there is a very good chance he will be probably by an icy receding. Now, to obviate this trouble, no "full featured" speaker need be inserted if his agent's have a definite agreement at the outset and that communication will be pleased all around.

**All** matter for publication must be handed in before 9 o'clock in the morning of each day.

If you have an item of news, please call up THE LEDGER, Telephone 33, and send it in.

# We Must Make Room

In anticipation of a big fall trade, and realizing that goods pertaining to men's wear are in great demand, we have already) bought early and largely. We are already beginning to receive shipments. Moreover it will not be long before we receive the first of Men's Suits will come in, so you see we must make room. Now as we will look out window and see the line of Suits we are offered, we will see you will assist us in making room. All of our Fancy Chevrolet suits in Checks, Plaids, Stripes, etc., suits that we sold at \$10, \$10.50 and \$15, go in this sale.

No house in the state ever did or ever will offer a line of Suits like these for the price,

:-: \$10.00!

It is the greatest sacrifice sale we ever made, but as our patrons will be benefited, and we seem to be rooming now, we will be more than glad to have you take advantage of this sale. We have no room to quote prices on our more medium grades, but the entire stock will be sold at proportionate prices.

Please bear in mind this: No Suit will be sent out on approval. No Suit will be charged. Only

:-: CASH!

We buy the goods during this sale. Money, however, will be cheerfully returned if goods don't suit upon home examination.

R. L. LOVEL

The large tobacco barn belonging to James Walker of Brookville was struck by lightning Saturday and burned, together with 300 bushels of wheat. Loss \$1,500.

Judge Waldwicks yesterday afternoon heard the case of James Hasson, Jr., charged with cutting Charles Fox with intent to kill. A large number of witnesses were heard, these for the defense testifying that Fox had been drunk all the day of the difficulty. At the conclusion of the testimony the Court held Mr. Hasson in \$500 for his appearance before the Grand Jury.

The Fayette County Grand Jury has adjourned sine die. It has brought in more indictments against lawbreakers than any Grand Jury during the past decade, but absolutely refused, after thoroughly investigating the case, to indict Jacob S. Harris, who shot and killed Thos. H. Merritt, the pension attorney.

Hon. Sam J. Pugh is very well pleased

with the committee places assigned to him by Speaker Reed. He is a member of the Committee on Appropriations, one of the most important in Congress, and also of the Committee on Alcoholic Liquor Traffic. None of the Kentucky members fared better than Mr. Pugh.

When you see Murphy, the Jeweler, stock of Diamonds and Gold Watches you will be convinced that his prices are lower. He never misrepresents goods; all are warranted.

## JUDICIAL CONVENTION.

MARYSVILLE, KY., July 8th, 1897.  
The Republicans of the Nineteenth District of Kentucky are requested to meet in Delegate Convention at the Hotel Marion, No. 200 Main Street, on July 26th at 2 o'clock p.m., for the purpose of nominating candidates for Circuit Judge and Commonwealth's Attorney, to be voted for at the coming general election, and to transact other business as may properly come before the Convention.

The ballot for nomination will be one delegate for every 50 votes cast for William McKinley, the Republican candidate for President in 1896, and one vote for each fraction over 50 votes cast. Upon this basis the Convention will be composed of 100 delegates, distributed among the five counties of the District as follows, viz:

Bracken	12
Greenup	18
Greenup	18
Lewis	20
Magoffin	20

Delegates are required to be selected in the several counties in the District in such manner that the Executive Committee may designate after giving proper and ample notice to the call.

By order of the Republican District Committee at a meeting held in the city of Marysville on the 8th day of July, 1897.

CLARENCE MATHERS, Chairman.

MEXICAN silver dollars are now worth 40 cents. The American silver dollar, however, thanks to the Republicans and Sound Money Democrats, is fair worth 100 cents.

Baek silver is now down to 50 cents an ounce, the lowest price in its history. Wheat is now 72 cents a bushel. Our local Free-silver friends ought to take another look at that big cartoon they had in their show-window last fall, which said that the price of wheat was regulated by the price of silver.

The positive announcement from London that President McKinley's Commissioners have been assured of the willingness of Great Britain and France to co-operate with the United States in an international bimetallic conference gives great encouragement to the friends of true bimetallism and is correspondingly depressing on the friends of silver monometallism—Mr. BRYAN and his followers. Co-operation of the United States, Great Britain and France in the calling of an international conference on this subject will insure the co-operation of all the leading Nations, and the explicit terms in which the co-operation of England is assured gives great encouragement as to the prospect for an early conference on this subject. The further fact that it is proposed to hold this conference in the United States adds greatly to the interest in this subject, and if the conference can be held here the detailed information which it will give to the people will be received with great interest.

Admission to Park Theater reduced to 10 cents.

Insurance companies have refused payment of policies on the life of the late Judge J. R. Jewell of Lexington.

Fire, Lightning and Torpedo Insurance by W. N. Howey, Agent, 37 West Third street.

One fare for the round trip on C. and O. Railroad and steamer M. W. Wells on account of Ripley (O.) Fair, August 24th, 25th, 26th and 27th, 1897.

## Park Theater.

Last night's program was an excellent one, and everybody seemed pleased. The new faces and new features were well received, and they should fill every seat during the remainder of the week. Lester, Miss Ade Wilkes, and Miss Vyanne Paul scored a success, and supplemented by the old favorites, Miller, Nelson and Wilson, Lawrence E. and last but not least James Murphy, accomplished pianist, they give an evening of entertainment.

Go out to Electric Park tonight. Don't fail to place your "ad" in THE LEDGER if you want the most for your money.

Why does Ripley always have a big attendance at its Fair? Because the admission is 25 cents and horses and teams are admitted free, and because she pays good premiums and pays in gold before the stock leaves the ring, and because the Fair is held on the nicest Fairgrounds in Ohio.

Don't Tobacco Soft and Smoke Your Life Away. To quit tobacco early and forever, be a man full of life, nerve and vigor, take No-To-Bac, the wonder-worker, that makes weak men strong. Druggists, 50c or \$1. Current prices. Books and papers free. Address Sterling Remedy Co., Chicago or New York.

## CRISIS AT HAND.

Lively Times in the Coal Mining Situation Looked For.

Arbitration Commissioners Believe They Will Effect a Settlement.

On the Other Hand Miner Officials Claim to Have Adopted Measures That Will Make a Complete Tie-Up Some Time During the Week.

FRIDAY, July 27.—Lively times are promised in the coal mining situation this week. A crisis is impending. This is conceded on all sides. The arbitration commissioners, on one side, feel bound that they will be able to arrive at a settlement in the meeting Tuesday morning. The miners' officials, on the other hand, claimed to have adopted measures that will make a complete tie-up some time during the week.

This is the case. The officials will bring in the faltering ones in West Virginia to discuss the strike effects in that state, will shut off the supply of coal. To accomplish this, arrangements have been made for Eugene V. Debs and other prominent officials to come to this city and hold a meeting for the benefit of the New York and Cleveland miners Thursday morning.

Among the others expected to be present are Samuel Gompers, M. D. Harkford, M. M. Garland and W. D. Mahor.

At this meeting it is intended to strike a final decision, blow, and if possible, end the coal strike.

The place has not been selected as yet, but it will be in a grove in close proximity to the Turtle creek, Sandy creek and Plum creek mines of the New York and Cleveland Gas and Coke. The date of the meeting is to be specified, will prove to be a magnet and 12,000 miners are looked for at the meeting.

The meeting at Scottdale Tuesday of the miners in the coal districts is the first in a long line of meetings also looks upon as important features at this period of the strike. Should the Westmoreland miners be brought out there are fears for serious trouble.

Reports from the coke regions indicate that the cokers will not likely come out. The board of arbitrators report matters quiet, waiting on the result of the meeting at Toledo, which they claim, might lead them to ward the result of the proposed settlement of the strike by arbitration. An effort is being made to have as many river men attend the meeting as possible.

FAIRFIELD, W. Va., July 27.—Monday the Monongah Coal Co., senator J. N. Camden's plant, and the West Fairmont Coal Co., ex-Senator Fielder's plant, got out in a meeting of the circuit court, restraining Eugene V. Debs, et al, from interfering with their men. The et al takes in Marion, Ross, Cross, Wetzel and over one hundred miners, and all are to be held in new meetings on the company's grounds or on the roads leading there, and can not interfere with the men in any way. Intimidation and threats are mentioned as miners can not pay strike dues.

TOURISTS FROM HAWAII, with many relatives, are arriving here daily and arrived yesterday, but the captain reached the custom house late to make entry for his vessel.

The protests will be first passed upon by the port commissioners and then appear may be taken by either the importers or the government to the United States circuit court, then to the United States circuit of appeals and finally to the United States supreme court.

PAUL VANDERKAM.

HELICOPTER, Monday July 27.—The captain reached the custom house late to make entry for his vessel.

WEDNESDAY, July 27.—The mine situation in this district is quiet and unchanged. Both sides are waiting for a result of the meeting of the miners at Toledo, Ohio. The arbitrators are highly elated at the prospects. All agree in saying that it will be the largest meeting of operators ever held in this district. All of the miners are to be present, and the people having arrived Tuesday morning. Hotel lobbies were meeting places Monday night for the operators and miners here, and the strike question is being hotly discussed. While a large number are not in favor of the old uniformity plan, all are anxious to hear what new phase the peace commissioners have given the subject. Some are in favor of arbitration, while all are in favor of arbitration for settlement of the strike. The board is busy completing the contract which is to be presented to the meeting Tuesday.

No one can at this time, predict the outcome of the conference, which is expected to last two and perhaps three days.

Starts Up Full Time.

PROVIDENCE, R. I., July 27.—The cotton mill in the Providence valley operated by the Codarris and Chace, which were shut down a week ago, throwing out of work a large number of employees, started up full this Monday morning at the same rate the dye works and bleachers connected with the Lonsdale mill also began to run on full time. The shut down was ordered on account of the dull condition of the cotton market.

One Killed and Nine Injured.

DALLAS, Tex., July 27.—A boiler explosion in Horton Bros.' brewhouse near Argyle, Monday morning, an engineer was killed and nine other persons injured, two of whom will probably die. The boiler, holding oil one and half barrels, exploded. The dead engineer had been remonstrated with several times for allowing his steam to get so high.

The Motive Power to Be Electricity.

BOSTON, July 27.—The board of railroad commissioners has granted authority to the Boston Elevated Railway Corp. to issue \$100,000 of stock. The motive power of the road is to be increased.

New York, July 27.—The Algonquin Hotel, Milligan Co., of New J., have given notice that on and after August 1 wages in their large mills will be increased from 10 to 15 per cent.

Speaker Reed did not overlook the new  
members of the Kentucky delegation in  
distributing his committee appointments  
but he treated the members of the media fairly  
and well. Every one who played a part in  
Ways and Means, Pugh is on Appropriations,  
Berry on Rivers and Harbors and  
Foreign Affairs. Colson obtained the  
only chairmanship given to the delegation  
—that of Expenditures in Public Build-  
ings.

The Courier-Journal's Washington correspondent says Congressman Pugh will leave for home today. He would have started Saturday night, but being the bondsman of Mr. S. B. Wadsworth of the city he wished to remain until that master was brought to a conclusion.

Mr. Gates Clayton and Mr. Charles Parks, two of our worthy, energetic and enterprising citizens, are now men preparing to open a tin repair shop and plumbing establishment in the room on Market street owned by the L. O. O. F. They hope to have everything in order by August 1st.

## RUGGLES CAMPMEETING.

WHAT THE LEDGER SCRIBE  
SEES AND HEARS THERE.

RUGGLES CAMPMEETING, July 26th, 1897.

**Editor Ledger.**—We are all torn up in the camp. Some one has stolen the big heart of our President. It took a nice horse and buggy to carry it off. It passed right by our good Brother Hurley, but he could not stop it; then by our gatekeeper, and he looked most wistfully at them as if he would like to have a gate fee; and it actually passed your scriber, but I could only say that I had been there myself. John Wheeler of Mayville sent one of his biggest watermelons after them, but this had no cooling effect; then, as they passed by it seemed as if he were imporing her for deliverance, but she was deaf to all entreaties. Now, what can we or will we do? or shall we do, "so moite it be." Now, this is no joke if it did come from camping.

We had a copious rainfall last night. Fairly came down in torrents, but the people of Mayville need not fear for we are well sheltered.

Mr. Aikman of Vanceburg preached at 3 o'clock yesterday evening, and at night Rev. Jolly of Augusta preached at the "Rich and Lazarus."

At 6 o'clock a.m. this morning Rev. Frerenger led the sunrise prayer service. This, with the night service at 7:30 p.m., will be all the meetings of the day.

Yesterday proved a most delightful day. All the services were enjoyed by the large congregation assembled at each meeting, and our gate receipts show that we had more than twice as many people present on last Sunday than we had the first Sunday of last year.

Brother George Harding was telling me of his dream of last night. He dreamed that he was on an island surrounded by water, and on stretching out his legs he felt something cold, and sure enough he was surrounded by water, for he was sleeping alone on a canvas cot in a tent that was not guaranteed, the water seeping in on his cot that would not let the water through, but collected it together in a pool and he did not know till he stuck his foot in it.

Bob Pollitt left the grounds late last night and only got to Bridgeport when the rain caught them, and when they got to Mayville you could very well tell that they were wet. If you don't believe it ask Sam Simonds.

The Association has put the entrance at the gates at as low a figure as it would possibly put it. Then they only put the gates on about four out of the ten days of the meeting, so as to allow the people to come to the meetings and enjoy them with as little expense as possible. Then they advertised that anyone who is too poor to pay may come in free, and you would be surprised to see people come, with fine dresses on and bran new bonnets all fixed up for the camp meeting, and tell us they could not raise 10 cents, and that they were too poor to pay, and we must let them in. Now, we watched some of these people after they had gotten in free and we saw them go to the confectionery and buy a 50 cent watermelon to eat, and this is the way the liberality of the Association is abused.

Some of the arrivals today are Rev. J. A. College and Rev. L. P. Hanks.

That May Arise Between the Greek and  
Turkish Plenipotentiaries in Arranging  
a Definite Treaty—Germany  
Demands Indemnity Question.

CONSTANTINOPLE, July 27.—At the setting of the peace conference the ambassadors presented the peace preliminaries which provide for European arbitration of any differences that may arise between the Greek and Turkish plenipotentiaries in arranging a definite treaty.

It is stated that the Greeks were

the portion of this provision, and its reception,

therefore, by the sultan will be highly significant.

The Greeks propose to institute a European control of Greek finances still hampering the settlement of the indemnity question. It is understood that the Volo-Larissa railway will be transferred to the Greek administration, and with it a stipulation that some facilities shall be granted to Turkey for the transportation of troops as are granted to the Greek government. The sultan, therefore, does not indicate an intention to evacuate Thessaly, but is merely a measure of economy.
